E – hair (light rust)(scrap)	◊ Cut 4 pieces of Template 4.
F – Wonder-Under fusible web (⅓yd)	

Press Fabric A square in half vertically and horizontally to find the center.

Appliques:

1. For each of fabrics B-E trace the required number of applique pieces onto the paper side of the Wonder-Under. If desired, trim ¼" inside the traced line on the larger shapes to maintain softness of pieces.

2. Following manufacturer's directions, fuse the traced Wonder-Under onto the back of each designated fabric. Cut out shapes along traced line and remove paper backing.

3. Using block image as a guide, position the Template 1 pieces on Fabric A square, centering them in each quadrant. Tuck the Template 5 pieces under the Template 1 pieces. Add the Template 2, then 3, then 4, then 6 pieces as shown in image. Fuse in place following manufacturer's directions.

4. Secure edges of appliques using your preferred method (zigzag, buttonhole stitch, edge-stitch ⅛" from edge).
